## ABOUT ME

A highly responsible and diligent professional with a proactive approach to project management and resolution, I offer strong leadership and decision-making skills honed through 25+ years in technology and my role as president of a 350+ member cultural association. My expertise includes Apple systems and network consulting (Apple Consultant Network member since 2010), and MDM deployment and management devices. I am a team player with strong interpersonal skills and a commitment to continuous learning, further enhanced by my passion for technology, drone piloting, travel, sports and nature lover. Willing to relocate for the right opportunity.
